By signing below I acknowledge I have read and understand the rule below regarding suspension by accumulating 4 cards

J1. FOUR CARD SUSPENSION: Any player accumulating 4 cards during one season of play will be suspended for the remainder of that season. Individual players receiving any combination of cards that equals 4 cards will be suspended upon receiving the final card. That player will remain suspended from the league for the remainder of the current season. A yellow card counts as "1" card and a red card counts as "2" cards. The following are examples of how cards could be acquired that would require a player to be suspended for the remainder of the season (but not limited to the following); 2 straight reds, 2 yellows + 1 red, 3 yellows + 1 red, 4 yellows, etc.). Players receiving cards during the season will still be required to fulfill one game suspensions as outlined in the player handbook. All players that are suspended for the season by accumulating 4 cards in one season **will not** receive a refund of their registration fees.

By signing below, I understand that the NWASL is not limited to playing on soccer fields in the Northwest of Tucson and acknowledge that my team may play at any field around Tucson due to field availability
